

## Online learning event

# Gender and climate-smart agriculture

Thursday, 30 January – Wednesday, 19 February 2014

### ❖ Webinar 1: Gender equality in agriculture and changing climate

Thursday, 30 January 2014, 14–15:30 (GMT +1)

- Introduction to the learning event – *Maria Nuutinen, FAO*
- Introduction to the topic and presenting the agenda – *Facilitator Soma Chakrabarti, IFAD*
- Use of Training Guide for Gender and Climate Change Research in Agriculture and Food Security for Rural Development – *Sibyl Nelson, FAO*
- Highlights from the workshop on Gender and Climate-Smart Agriculture in Southeast Asia – *Maria Lee, WOCAN*

#### Key questions:

- Why gender matters when enhancing food security and increasing the uptake of climate-smart agriculture practices?
- What are the available tools that can help gather information on gender and advance gender mainstreaming in agriculture?

### ❖ Webinar 2: Gender-sensitive practices for Climate-Smart Agriculture?

Wednesday, 5 February 2014, 10–11:30 (GMT +1)

- Introduction to the topic and presenting the agenda – *Facilitator Dalia Mattioni, FAO*
- Gender sensitive climate-smart agriculture practices – *Patti Kristjanson & Nafisa Ferdous, CCAFS*
- Gender dimensions of adopting climate-smart aquaculture – *Miranda Morgan, World Fish*

**Key question:** What are the best case studies of gender-sensitive climate-smart agriculture practices?

### ❖ Webinar 3: Next steps for Gender in Climate-Smart Agriculture

Tuesday, 18 February 2014, 14–15:30 (GMT +1)

- Introduction to the webinar and presenting the agenda – *Facilitator Dalia Mattioni, FAO*
- Carbon code, gender and food security – *Jeannette Gurung, WOCAN*
- Facilitated discussion on the lessons learned and the output of the event
- Closure of the learning event

**Key question:** What kind of climate-smart policies, financing structures and practices are needed for more equality in the agriculture sector?
