Invitation to the Side Event

**One Ocean, One Climate, One UN:
Working together for a healthy and
resilient ocean**

Date: 2 December 2015

Time: 11:30-13:00

Venue: Observer Room 1, UNFCCC Zone

Organizer: UN-Oceans

Highlighting UN system initiatives to assist States increase their knowledge base, enhance their understanding of the impacts of climate change and ocean acidification on the marine environment, and build their capacity to adapt to such impacts and achieve mitigation goals.

PARIS2015
UN CLIMATE CHANGE CONFERENCE
COP21·CMP11

Programme

Moderator

Gyan C. Acharya (UN-OHRLLS)

Panellists

Panel 1: Building a strong science base to support effective policies and climate action

Ove Hoegh-Guldberg (IPCC)

Vladimir Ryabinin (IOC-UNESCO)

Panel 2: UN System initiatives in supporting States' effort in climate change mitigation and coastal adaptation

Ibrahim Thiaw (UNEP)

Lahsen Ababouch (FAO)

Panel 3: Synergies between financing mechanisms and between climate change and ocean-related United Nations processes

Paula Caballero (World Bank)

Followed by an open discussion
