INTERNATIONAL SEMINAR

**“Identifying Critical and Emerging Issues for Food Security and Nutrition:
The contribution of science to the global policy debate”.**

Thursday 1st December 2016, 9:00 – 13:00
Agropolis International, Montpellier, France

Scope: Food security and nutrition (FSN) are influenced by a range of issues, with a wide range of stakeholders concerned, and require an integrated approach, from local to global levels. This international seminar will discuss, in two sessions: the questions raised in the HLPE report on “*Sustainable Agricultural Development for FSN, what roles for Livestock?*”; and the role of HLPE in identifying, for the Committee of World Food Security (CFS), “*Critical and emerging issues for FSN*” in the overall perspective of the Agenda 2030 in order to inform the global policy debate.
