APPENDIX G

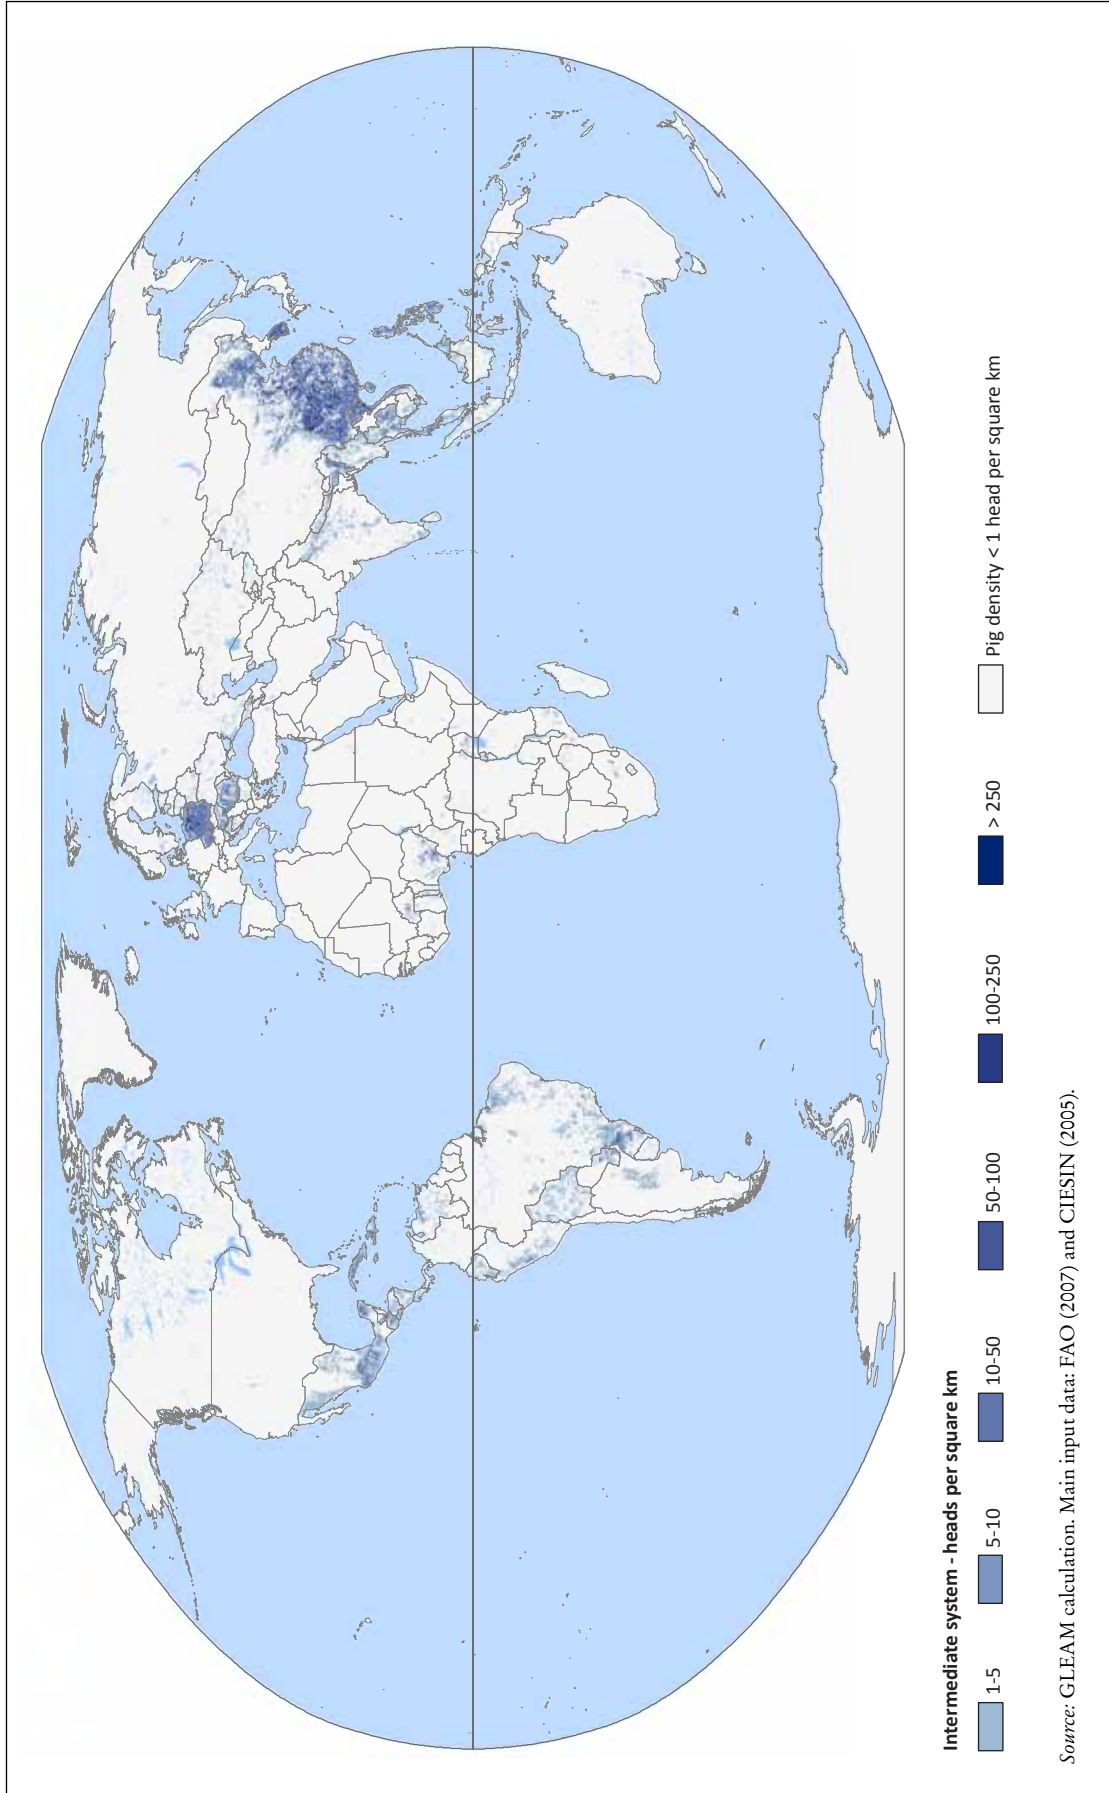

## Maps

1. Pig population density – backyard
2. Pig population density – intermediate
3. Pig population density – industrial
4. Chicken population density – backyard
5. Chicken population density – broilers
6. Chicken population density – layers
7. Manure methane conversion factor for industrial pigs
8. Manure methane conversion factor for laying hens
9. Average proportion of N intake retained in live weight by pigs  
(average for all pigs in a cell)
10. Average proportion of N intake retained in live weight and eggs by chickens  
(average for all chickens in a cell)

Map 1.  
Pig population density – backyard

Map 2.  
Pig population density – intermediate

Map 3.  
Pig population density – industrial
