

APANews

The Asia-Pacific Agroforestry Newsletter

No. 17, February 2001

APANews is ...

... a newsletter dedicated to agroforestry research, development, education, training and information exchange in the Asia-Pacific region. The newsletter is produced by the Regional Office for Asia and the Pacific of the Food and Agriculture Organization (FAO) of the United Nations to assist the countries in the region in developing sound and sustainable agroforestry practices.

We also have plans to make *APANews* articles and news items, together with further information about agroforestry in Asia and the Pacific, available online. In this context, we have registered the *APANews.Net* domain name, so online access will be possible at <http://www.apanews.net>. Please keep on checking our site during the next weeks.

Table of contents

Agroforestry research	3
Local knowledge throws new light on agroforestry research in Asia	3

Dear APANews Reader,

As we would like to serve you according to your needs, *APANews* highly depends upon your continuing support. Therefore, we welcome your comments, suggestions and contributions. Please, send us your articles, news items, and announcements related to agroforestry research, development, education and training for inclusion in future *APANews* issues. If you have photographs or drawings that illustrate your contributions, please send them, too. For guidance or any further questions you may have, please feel free to contact the editor of *APANews*.
