

XV WORLD FORESTRY CONGRESS

Building a Green, Healthy and Resilient Future with Forests

2-6 May 2022 | Coex, Seoul, Republic of Korea

SIDE EVENT

(Sub-theme) Turning the tide : Reversing deforestation and forest degradation

The Future Direction of Forests and Livelihood in Mekong River Basin Countries.

Wednesday, 4 May 2022, 12:30pm - 14:00pm

This side event highlights the future direction of forestry cooperation on forests and livelihood development in the Mekong river basin countries comprising Cambodia, Lao PDR, Myanmar, and Viet Nam (CLMV). The CLMV countries seek to promote economic growth, social progress and cultural development through regional cooperation, collaboration and environmental protective domains.

The presentations focus on the forest cooperation enhancing contributions and participatory of people-oriented approaches to forestry policy and management, generically referred to as Socio-economic, to achieving food and livelihood security, addressing climate change, and fostering a vibrant and inclusive green economy in the region.

A side event organizer, Korea-Mekong Forest Cooperation Center, supports the development and implementation of forestry cooperation projects, facilitates and shares knowledge of forest research and development, capacity building, facilitate private and public sector investment, enhances diplomatic and professional relation and promotes bilateral cooperation through the development of ODA projects and the joint REDD+ project cooperation activities in the region.
