## Chapter 2. Household status

1.  Household was interviewed
2.  Household didn't use/cultivate agricultural land in the last 12 months
3.  Phone number of head of household is unknown or incorrect
4.  Household members absent
5.  Household members has no information about agricultural land ownership
6.  Household refused to cooperate → Reason for refusal 6.1

**Note:** If the household was called three times and an interview was not conducted due to one of the above reasons (household status 2, 3, 4, 5,6), end the interview. In case of refusal (status 6), enter the reason for refusal (6.1).

This questionnaire was developed with the support of the Food and Agriculture Organization of the United Nations

### Chapter 3. Utilized Agricultural Area and land tenure

**Q1** Did your household use/cultivate agricultural land<sup>1</sup> in the last 12 months?  Yes → Question 2  No → End

*(If the answer is "Yes", go to Question 2, otherwise finish the survey)*

**Q2** Agricultural land used by your household during the last 12 months?  dunum<sup>2</sup>

Of the total Utilized Agricultural Area of the agricultural households, how much is :

- |   |  |                      |       |
|---|--|----------------------|-------|
| a | Owned with written documentation (such as title deeds, wills, purchase agreements) | <input type="text"/> | dunum |
| b | Owned without written documentation  | <input type="text"/> | dunum |
| c | Rented-in, leased or sharecropped with written agreement                           | <input type="text"/> | dunum |
| d | Rented-in, leased or sharecropped without written agreement                        | <input type="text"/> | dunum |
| e | State or communal land used with written agreement (certified use rights)          | <input type="text"/> | dunum |
| f | State or communal land used without written agreement (uncertified use rights)     | <input type="text"/> | dunum |
| g | Occupied/squatted without any permission   | <input type="text"/> | dunum |

# Brčko District

- On the territory of the Brčko District, testing was carried out using the PAPI method
- It was conducted in the third week of September
- It included 20 agricultural households

# Data processing

Bosna i Hercegovina  
Босна и Херцеговина  
Bosnia and Herzegovina

BHAS

People with ownership or secure rights over agricultural land	38%
Women with ownership or secure rights over agricultural land	21%
Men with ownership or secure rights over agricultural land	54%

26% of people with ownership or secure rights over agricultural land are women

The response rate is 80%

# Roadmap

- In Bosnia and Herzegovina, it is planned to conduct the Agricultural Census, after which the Statistical Register of Agricultural Farms will be formed, which will serve as a framework for selecting a representative sample for future surveys in the field of agricultural statistics.
- The data required for the calculation of SDG indicator 5.a.1 will be collected as part of research in the Department of Agricultural, Forestry and Fishery Statistics.
- Data collection is planned to be carried out every three years
