ACTIVITIES OF CODEX CONTACT POINT AND NATIONAL CODEX COMMITTEE IN INDONESIA

Secretariat of the Codex Contact Point (CCP) is located in National Standardization Agency (BSN). BSN is a Non Department Government Institution having primary task to develop standardization in Indonesia. One of main functions of BSN is to facilitate and direct of standardization activities by government technical institutions. CCP performs its function according to the CAC Procedural Manual and works in close cooperation with the National Codex Committee. CCP activities are as follows:

- Act as the link between Codex Secretariat and Member Countries, including in submitting national positions and delegations
- Act as a channel for the exchange of information related to Codex Activities in Indonesia
- Carried out capacity building by holding workshop on understanding of CAC for representatives from government institutions, producers, consumers' organization and universities who support the activities of CCP and NCC
- Carried out coordination meeting for achievement of consensus with all interested and involved authorities and consumer organization in order to incorporate Indonesian interests in Codex standard and related texts.
- Promote Codex activities throughout Indonesia. However, due to budget constraint, these activities carried out only in several provinces for each year.
