

Additional Accommodation Options Melbourne

Whilst Australia has secured a small number of rooms at the meeting venue (see Information for Delegates package) we understand that not all delegates will wish to stay at the venue. For those looking for more affordable options within close proximity to the meeting venue the list below provides a range of alternative accommodation including apartment style. Delegates will need to make their bookings direct with the hotel noting that we do not have a Codex rate for delegates at these hotels but you may find good deals on one of the following internet booking sites, alternatively you can book direct with the hotel.

Melbourne's public transport system is excellent or you might find alternative accommodation within a reasonable walking distance.
