Revision of the Classification of Food and Feed

**Agenda Item 7(e): Class B – Primary food commodities of animal origin
Harmonization of meat mammalian maximum residue limits between CCPR and CCRVDF**

Plant protection and veterinary services of Codex member countries are kindly invited to provide feedback in reply to CL 2020/13-PR for consideration by CCPR52. The findings of the consideration of this matter will be forwarded to CCRVDF25 for consideration. This agenda item is related to cooperation between CCPR and CCRVDF on issues of mutual interest for compounds used as pesticides and veterinary drugs and exploration of innovative ways to foster such collaboration. For further information please refer to CL 2020/13. Note that CL 2021/6-RVDF requesting comments on the recommendations for edible offal and other animal tissues of relevance for the purpose of harmonization and elaboration of MRLs for compound with dual uses is available for comments and should be considered in conjunction with CL 2020/13-PR.

Establishment of Codex MRLs for pesticides

Agenda Items 13/14/15: Management of unsupported compounds, national registration of pesticides and priority lists of pesticides for evaluation by JMPR

These items are inter-related and deal with how CCPR can further improve the establishment of MRLs for pesticides for food and feed under the current procedures described in the *Risk Analysis Principles for the Establishment of Maximum Residue Limits for Pesticides by the Committee on Pesticide Residues*. Codex members and observers are kindly invited to consider the conclusions and recommendations in these papers in a holistic manner in order to provide useful guidance to CCPR when considering these agenda items.

Agenda Item 15: Establishment of Priority lists of pesticides for evaluation by JMPR

The elaboration of the Priority List corresponds to Step 1 of the Codex MRLs Elaboration Procedure. CCPR will consider a document prepared by the Chair of the EWG/Priorities (presented as a CRD) based on CX/PR 21/52/19 and comments submitted during the discussion on Agenda Item 6.

Other matters

Agenda Item 16: This item remains on the agenda for completeness. However, no other business nor future work will be considered at this Session.
