		II-7.4

Table 2: For the below two standards, the text in the current provision as in the section highlighted will be amended as shown in the amended provision.

(Additions are shown as **bold and underlined** and deletions are shown as ~~strike through~~.)

Reference	Title	Section	Amended provision
CXS 291-2010	<i>Standard for Sturgeon Caviar</i>	7.4	<p>Each primary container shall be labelled with the number markings of the lot and the species.</p> <p><u>The labelling of non-retail containers should be in accordance with the General Standard for the Labelling of Non-Retail Containers of Foods (CXS 346-2021).</u></p> <p>Information specified above shall be given either on the container or in accompanying documents, except that the name of the food, lot identification, and the name and address as well as storage instructions shall always appear on the container. However, lot identification as well as the name and address may be replaced by an identification mark, provided that such a mark is clearly identifiable with the accompanying documents.</p>
CXS 292-2008	<i>Standard for Live and Raw Bivalve Molluscs</i>	1.7.4	<p>Labelling for live bivalve molluscs shall contain the following information:</p> <p><u>The labelling of non-retail containers should be in accordance with the General Standard for the Labelling of Non-Retail Containers of Foods (CXS 346-2021).</u></p> <p><u>In addition, the following should be included:</u></p> <p>(i) Identification of the product by common and/or scientific names as determined by the competent authority. The country where the product is sold can determine if the scientific name must be indicated on the label.</p> <p>(ii) Information that might be needed in the event of a food safety problem, including lot identification which could be lot code or date and location of harvest, information about harvest area, date of harvesting, purification or relaying as appropriate, as well as identification of the dispatch centre or other establishment from which they were shipped.</p> <p>(iii) Durability or shelf life.</p> <p>Date of minimum durability may be replaced by the statement "Bivalves must be alive when sold".</p>

Table 3: For the below standards (8), the following sentence will be included: “The labelling of non-retail containers should be in accordance with the *General standard for the labelling of non-retail containers of foods* (CXS 346-2021)”

Reference	Title	New section
CXS 3-1981	<i>Standard for Canned Salmon</i>	6.4
