

As agreed by the CFS Bureau in 2017, a Global Thematic Event (GTE) will be organized as part of CFS 47 in October 2020 to share experiences and good practices on the use and application of the [Framework for Action for Food Security and Nutrition in Protracted Crises \(CFS-FFA\)](#).

To prepare for this GTE, [a first call](#) for inputs to share results of multistakeholder events organized to discuss the FFA was issued in March 2019, with a deadline of 31 March 2020.

In October 2019, [a second call](#) was issued, this time soliciting inputs on experiences and good practices on the use and application of the FFA, broadly, using an online survey and with a deadline of 31 March 2020.

A Technical Task Team (TTT) meeting was held on 2 December 2019 to take stock of progress with the dissemination of the two calls, renew outreach efforts to publicise the calls, and explore opportunities to reaffirm the FFA principles in relevant upcoming national, regional, and/or global events.

A schedule for preparing the GTE on the FFA at CFS 47 has been updated below.

The Secretariat urges all CFS stakeholders to disseminate both calls among their respective capitals and/or constituencies and to contact the Secretariat if there are events related to protracted crises which could be used to further raise awareness around the FFA.
