

## GUIDE TO THE PREPARATION OF THE CFS 51 FINAL REPORT

In line with past practice at CFS Plenary Sessions, depending on the nature of each agenda item (information, discussion and decision), four types of procedures are foreseen for the preparation of the CFS 51 Final Report, as established by the CFS Bureau, in consultation with its Advisory Group:

**TYPE A:** Preparation of Draft Decisions, to be finalized by the Bureau, after consultation with the Advisory Group, for items where a plenary decision is expected;

**TYPE B:** Preparation of Draft Conclusions, to be finalized by the Bureau, after consultation with the Advisory Group, for items that are for information and discussion. These conclusions may include placeholders for a limited number of additional bullets on specific matters that may arise from plenary discussions, in line with guiding questions to be included in the CFS 51 Guide;

**TYPE C:** Preparation of text by the CFS Secretariat, which is submitted directly to the Drafting Committee for items where only information on speakers and process is expected to be included in the Final Report;

**TYPE D:** Preparation of text by the CFS Secretariat, agreed ad referendum by the Bureau, which is submitted directly to the Drafting Committee for items where only information on speakers and link to the transcript of the session, are expected to be included in the Final Report.
