## ANDES AMAZON FUND - AAF

AAF is a multi-donor grant-making initiative whose purpose is to conserve the biodiversity, ecosystem function, and environmental health of the Amazon Headwaters by expanding the array of protected areas at the national, regional and local level.

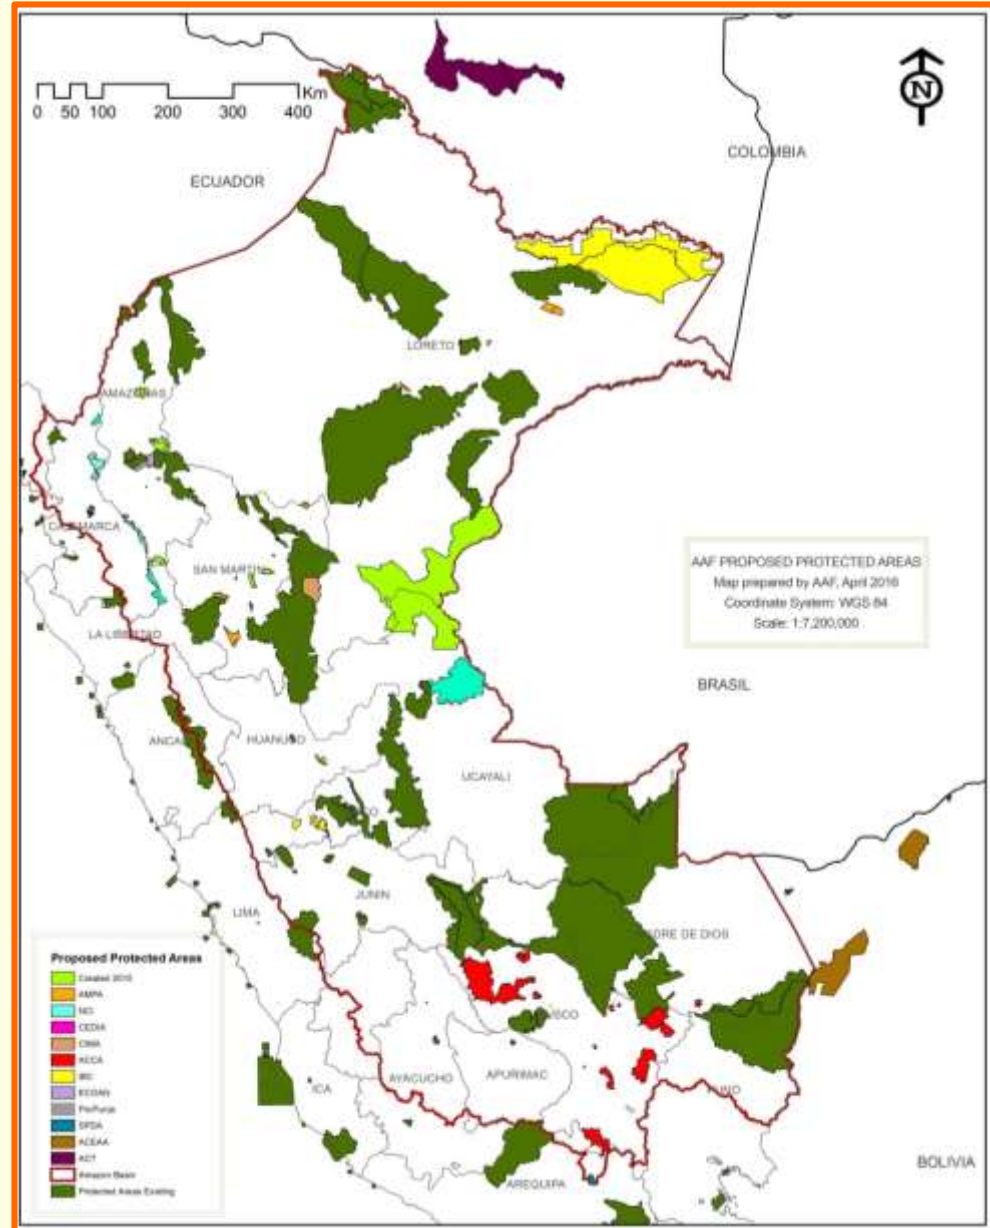

## GOALS:

1. The creation of new conservation areas in the headwaters of the Amazon
2. Improved management of newly protected areas
3. Securing long-term financing streams for the management of priority protected areas

## Main activities:

- Monitoring of the projects of 10 NGOs in Peru (partners)
- Identifying opportunities for protected area creation and/or strengthening protected area management in Peru's Amazon Basin
- Organizing a partner meeting (workshops)
