Information sharing channels

- We should have a working email for all the MP members and all those interested in MP movement. *(To be sent out in the first week of every month).*
- Africa E-Newsletter. Someone should be responsible for receiving information and have it submitted to the current news editor.
- Online forums (LinkedIn, Google group, face book, twitter etc).
- MP secretariat should have a link on their website for the Africa MP agenda
- Organizational websites should have forums for information sharing (link should be created)
- Web seminars/Meetings and workshops.
- Members should be acknowledged/recognized for the information they contributed to the network
- A database should be created for all the information obtained through networking.

Networking

- Following up on dormant members using the above channels
- Talking to individual partners for the different organizations to join MP
- Making MP as part of the meeting agenda (e.g. AOB) for the meetings held by membership organizations
- Targeting conventions such as:
 - ✓ UN, redd plus,
 - ✓ UNFCCC,
 - ✓ CBD,
