

COUNTRY PROGRAMMING FRAMEWORK PRIORITY 3:

Climate Resilience and Sustainable Natural Resource Management

Support the Government of India initiatives to address climate change, biodiversity conservation, land and water degradation in natural ecosystems and agrifood system sustainability. FAO will seek to catalyse inclusive, holistic, and sustainability-driven efforts through inter-sectoral coordination mechanisms. FAO will work to address the most pressing issues facing India's natural and production landscapes, as well as to develop and scale up ecosystem restoration through a participatory and inclusive approach.

FOCUS AREAS

Sustainable Climate Resilient Agrifood Systems

Integrated Landscape Management

Biodiversity Conservation and Ecosystem Restoration

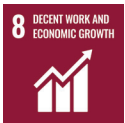

Climate Finance

EXPECTED OUTPUTS

- Developed climate actions.
- Enhanced conservation of biodiversity and ecosystem restoration.

ALIGNMENT WITH SDGs

CONTRIBUTING TO

ALIGNMENT WITH FLAGSHIP GOVERNMENT PROGRAMMES

National Mission on Sustainable Agriculture; *Paramparagat Krishi Vikas Yojana* Programme; National Programme on Organic Production; Soil Health Card Scheme; Per Drop More Crop Scheme

PROGRAMME PRIORITY AREAS

BE1: Climate change mitigation and adapted agrifood systems

BE2: Bioeconomy for sustainable food and agriculture

BE3: Biodiversity and ecosystem services for food and agriculture

BP1: Innovation for Sustainable Agriculture Production

BP4: Small-scale producers' equitable access to resources

BL1: Gender equality and rural women's empowerment

BL4: Resilient agrifood systems
