INSII Profiles

survey on the importance of soil data

Why is soil data important? **Tell us through your work!**

- Share stories linked to how the use of soil data and information has brought about a positive impact at the national, sub-national and/or field scale (ideally but not exclusively examples related to the GSP)
- Feel free to pitch your story with a few sentences or even bullet points
- To underline the vibrancy of this important network and give a face to its members, accompanying pictures can be uploaded in the provided form

7th Meeting of the International Network of Soil Information Institutions (INSII) | 09-10-11 November 2021

Why is soil data important? **Tell us through your work!**

- Objective: increase the visibility of the INSII network and its members by giving you a medium to share your experiences and stories linked to Soil Data and Information.
- **Link to the Survey:** <https://forms.gle/DBwacTwfZs2C9tQ5A>
- The best examples will be selected for a series of web stories published on the GSP website and shared through the GSP's social media outlets.
