

Sustainable Soil Management in the Near East and North Africa Region

AGENDA

7-8 March 2023 Muscat, the Sultanate of Oman

Sustainable Soil Management in the Near East and North Africa region

7 - 8 March 2023 | Muscat, Oman

A two-day regional event on sustainable soil management in the Near East and North Africa region will be held on March 7-8, 2023 in Muscat, Oman. The first day will witness the endorsement of the declaration, while the second day will be dedicated to the NENA Soil Partnership meeting. During this meeting, countries will be invited to review the progress made towards sustainable soil management in the region and to propose their action plan for 2030.

The Minister of Agriculture of the Sultanate of Oman, the FAO Assistant Director-General and Regional Representative for the Near East and North Africa and the head of the League of Arab States will open the event that will be moderated by the FAO office in Oman.

The objective of the meeting are to:

- ♦ Raise awareness of the importance of soils in the NENA region;
- ♦ Present the status of soils in the NENA region;
- ♦ Identify the regional priorities and needs, and define the regional actions to take;
- ♦ Endorse the "Muscat Declaration on Sustainable Soil Management in the NENA region";
- ♦ Improve partnership and cooperation between countries and regional stakeholders; and
- ♦ Explore opportunities for mobilizing financial resources for sustainable soil management.

The event will be held in a hybrid format to ensure the participation of as many countries and stakeholders as possible in the region. The Ministers of Agriculture from the NENA Soil partnership countries have been invited to nominate their senior representatives to attend virtually or in person. The meeting also extended an invitation to the national coordinators of the Technical Cooperation Programme project on "Capacity development for the sustainable management of soil resources in the NENA region to achieve the Sustainable Development Goals (SDGs), as well as the national focal points and all GSP partners from the NENA region.

Expected outcomes

Through the participation of government representatives from all countries within the region, the event is expected to result in the adoption of the "Muscat Declaration on Sustainable Soil Management in the NENA region". This will be an important instrument to raise awareness and translate political will into concrete actions to improve sustainable soil management in the region.

By raising awareness on soil, granting political support to sustainable soil management and by defining concrete actions on soil to implement at the country and regional level, the event is also expected to stimulate the interest of financial support partners to invest in the protection and improvement of soil resources in the region.

Agenda

Tuesday, 7 March 2023	
8:30 - 9:00	Registration
9:00 – 9:30	Opening Dr. Hamdan Al Wahaibi, Director General of Agriculture Research Center, Ministry of Agriculture, Fisheries and Water Resources, Sultanate of Oman Mr Abdulhakim R M Elwaer, Assistant Director General, Regional Office for the Near East and North Africa
9:30 - 9:40	Mr. Mubarak Abdelrahman Abdalla Ali, Arab Organization for Agricultural Development, League of Arab States The Global Soil Partnership and the NENA Soil Partnership
	Mr. Rachid Moussadek, Chair of the NENA Soil Partnership
9:40 - 9:45	The support of the FAO's regional office for the Near East and North Africa to regional collaborations on soils Ms. Theodora Fetsi, FAO
9:45 - 10:00	The importance of healthy soils for water scarcity and climate change in the Near East and North Africa Mr. Ronald Vargas, Global Soil Partnership, FAO
10:00	Video on the 10 th birthday of the GSP – a decade of achievements
10:00- 10:30	Group Photo and coffee break
10:30 – 12:30	The Muscat Communiqué for Sustainable Soil Management in the NENA region
	Moderator: Mr. Ronald Vargas, Global Soil Partnership, FAO
12:30 – 13:00	Adoption of the Communiqué
13:00 – 14:00	Lunch break
14:00 – 14:30	Keynotes on sustainable soil management in the NENA region:
14:00 – 14:30	Keynotes on sustainable soil management in the NENA region: Data management and mapping in the NENA region (10') - Mr. Talal Darwish, international consultant FAO
14:00 – 14:30	
14:00 – 14:30	Data management and mapping in the NENA region (10') - Mr. Talal Darwish, international consultant FAO
14:00 – 14:30	Data management and mapping in the NENA region (10') - Mr. Talal Darwish, international consultant FAO The status of soil laboratories in the NENA region (10') - Mr. Mohamed Dafalla, international consultant FAO
14:00 - 14:30 14:30 - 15:30	Data management and mapping in the NENA region (10') - Mr. Talal Darwish, international consultant FAO The status of soil laboratories in the NENA region (10') - Mr. Mohamed Dafalla, international consultant FAO Questions and answers (10')
	Data management and mapping in the NENA region (10') - Mr. Talal Darwish, international consultant FAO The status of soil laboratories in the NENA region (10') - Mr. Mohamed Dafalla, international consultant FAO Questions and answers (10') Moderator: Dr. Malik Al Wardy, Sultan Qaboos University Panel Discussion on how to enhance investment and partnership on sustainable soil management in the NENA
	Data management and mapping in the NENA region (10') - Mr. Talal Darwish, international consultant FAO The status of soil laboratories in the NENA region (10') - Mr. Mohamed Dafalla, international consultant FAO Questions and answers (10') Moderator: Dr. Malik Al Wardy, Sultan Qaboos University Panel Discussion on how to enhance investment and partnership on sustainable soil management in the NENA region
	Data management and mapping in the NENA region (10') - Mr. Talal Darwish, international consultant FAO The status of soil laboratories in the NENA region (10') - Mr. Mohamed Dafalla, international consultant FAO Questions and answers (10') Moderator: Dr. Malik Al Wardy, Sultan Qaboos University Panel Discussion on how to enhance investment and partnership on sustainable soil management in the NENA region Mubarak Abdelrahman Abdalla Ali, Arab Organization for Agricultural Development, League of Arab States Ibrahim Daoud, Soil Conservation Expert, Lands and Water Uses Department, Arab Center for the Studies of
