

Table 8. Feed formula (ingredient composition) and proximate composition of commonly used farm-made feeds for different life stages of striped catfish in intensive farming system.

Ingredient/proximate composition (% dry matter)	Life stage/size class	
	Fingerling	Grower
Ingredient composition (%)		
Rice bran – defatted	39	64
Broken rice	10	10
Trash fish – high quality	50	25
Premix vitamin and minerals	1	1
Proximate composition (%)		
Crude protein	17.2	15.45
Crude lipid	7.74	10.115
Gross energy (kJ/g feed)	1.7	2.1
Cost (VND/kg)	5 872	5 697
Cost (US\$/kg)	0.31	0.30
