The following Table 2 contains the list of stocks inventoried and published in the FIRMS website (Updated, April 2021). The first phase of this inventory concerned stocks or the northern shelf of South America which was validated by FAO and published in 2006. A second phase concerned stocks for priority WECAFC species reviewed by SAG third phase concerned stocks status reports reviewed by SAG and WECAFC Commission in 2019 which mostly concerned USA and Mexico stocks of the Gulf of Mexico, as well as few other stocks for priority WECAFC species.

Note :

- the FIRMS ID is in the last part of the FIRMS URL, in example « 11801 » in FIRMS URL <http://firms.fao.org/firms/resource/11801/en> ;
- the GRSF Unique Identifier is the code of the last part of the GRSF machine readable URL ; in example, the GRSF *Universally Unique Identifier* (UUID) the UUID is « 529ba70e-c663-3f5f-a8c0-5262a5e17e75 » in GRSF URL <http://data.d4science.org/ctlg/GRSF/529ba70e-c663-3f5f-a8c0-5262a5e17e75>
