

Mountain Partnership
working together for mountain peoples and environments

Food and Agriculture Organization
of the United Nations

MOUNTAINS ARE VITAL FOR OUR LIVES

Almost
1 billion people live
in **mountain** areas.

Mountains are **home**
to a variety of different
**languages, ethnic
groups, religions**
and **belief** systems.

[Mountain Glaciers: Vanishing Sources of Water and Life](#)

Mountain glaciers are among the most visible and emblematic indicators of climate change. Worldwide, glaciers are losing mass at unprecedented rates – a process that has accelerated in recent

decades, with record losses in the 21st century.

MEMBERS

Currently, the Mountain Partnership has 348 members: 60 governments, 7 subnational authorities, 16 intergovernmental organizations and 266 major group organizations (e.g. civil society, NGOs and the private sector). Please feel free to [contact them](#) for possible collaborative projects and ideas. We wish to welcome the following new member:

[The International Institute for Sustainable Mountain Development](#)

[Asociación para el estudio de la montaña CRYOSANABRIA](#)

CALL FOR NEWS

Keep Mountain Partnership members informed of your activities! Please email Sara.Manuelli@fao.org info about new projects and programmes, initiatives, events, publications, newsletters, vacancies or calls for papers.

The Mountain Partnership is a United Nations voluntary alliance of partners dedicated to improving the lives of mountain peoples and protecting mountain environments around the world.
