CALL FOR FISH STOCK ENHANCEMENT SYMPOSIUM PAPERS

The 2014 Annual Symposium of The Fisheries Society of the British will take place at the University of in Hull, UK.

The First Call for Papers is now out. You can find all information and the list of keynote speakers on the FSBI conference website

<http://www.fsbi.org.uk/conference-2014/symposium-theme-2> or
<http://www2.hull.ac.uk/science/biologicalbiomedicalenvironmen/research-1/hifi/fsbi%20symposium%202014.aspx>.

We welcome contributions for oral or poster presentations that address the key themes include:

- Physiological, cognitive and behavioural determinants of fitness of stocked fish in the wild
- Ecological and fishery conditions for additive effects of stocking
- Eco-evolutionary dynamics and impacts of stocking programmes
- Ecological and genetic impacts of stock enhancement
- Social and economic dimensions of fish stocking
- Institutional dimensions and governance of stocking
- Planning and risk management in stocking and introduction programmes
- The proceedings will be published in The Journal of Fish Biology.

The template for submitting an abstract can be found on
<http://www.fsbi.org.uk/conference-2014/call-for-abstracts-2/>

Please submit your abstract to the symposium administrator at
fsbi2014@hull.ac.uk.

We look forward to seeing you in Hull in July 2014.
