

Zoom Virtual Meeting

26-27-28 April 2021, FAO, Rome, Italy

We are pleased to invite you to participate in the XIII Workshop of the *Silva Mediterranea Working Group on UPF*. Main objective of the meeting is to actively work in thematic working sessions with the coordinators of the different Task Forces to advance on the activities currently under development. The event will also represent an occasion to present relevant FAO urban forestry-related initiatives and programmes currently under development/implementation, including the FAO Green Cities Programme launched in 2018, and the Green Urban Oases Programme currently under development. A session dedicated to voluntary presentation will also be held on the third day of the workshop. Should you wish to propose a presentation, please note that there are still two slots available.

The event will be held online and host on the *Zoom platform*. Here is the link to register:
