FINANCE COMMITTEE

Hundred and Thirteenth Session

Rome, 8 - 12 May 2006

Financial Highlights and Status of Current Assessments and Arrears

Introduction

1. The Financial Highlights Report shows, at a summary level, the unaudited results for the 2004-05 biennium. The report is organized to show:

- Summary Comment on Financial Results for 2004-05 biennium
- Financial Issues for 2006-07 biennium
- Statement of Income and Expenditure for the biennium ending on 31 December 2005 comprising Regular Programme (RP) appropriation with the Technical Cooperation Programme (TCP) appropriations shown separately, and extra-budgetary funds, Trust Funds and UNDP including balances for the comparative period of the previous biennium
- Statement of Assets, Liabilities and Reserves as at 31 December 2005 summarized by source of funds
- **Regular Programme Cumulative Disbursements vs. Contributions Received.** Monthly comparison on a cumulative basis
- TCP Expenditure and Available Appropriation. Balances from 1995 to 2005
- 2006 Cash Flow Forecast
- The Status of Contributions to the Regular Programme as at 31 December 2005 showing receipts on current assessments and arrears presented as follows:
 Appendix A Summary status of contributions to the Regular Programme Appendix B Regular Programme Contributions, as at 31 December 2005
 Appendix C Member Nations with Arrears of Contributions as at 31 December 2005
 Appendix D Arrears paid in full during Calendar Year 2005 as at 31 December 2005
 Appendix E Arrears paid in part during Calendar Year 2005 as at 31 December 2005
 Appendix F Member Nations having made no payment in 2005 against outstanding arrears as at 31 December 2005
 Appendix G Member Nations with Potential Voting Rights Problem at 31 December 2005

Summary Comment on Financial Results for 2004-05 biennium

2. The main points arising from the financial results for the 2004-05 biennium are as follows:

GENERAL AND RELATED FUNDS

- a) The General Fund balance at biennium end, 31 December 2005, shows a deficit of \$124.8 million, in line with the forecasts provided to the Committee in 2004 and 2005. This represents an increased deficit of \$34.7 million when compared to the previous biennium end. The salient points regarding the General and Related Funds deficit are as follows:
 - (i) the 24 months charge for amortisation of the After-Service Medical Coverage (ASMC) liability amounted to \$29.9 million while the assessed funding towards the ASMC amortisation, approved by Conference in 2003, amounted to \$14.1 million for the full biennium. At 31 December 2005, the unrecorded liability for ASMC increased to \$388 million (\$203 million at 31 December 2003) and consequently the 2006/07 amortisation charge will increase to \$46.5 million.
 - (ii) due to the very low collection rate in 2005 (see Appendix A), the provision recorded against unpaid contributions (both current assessments and arrears) increased by \$72 million. However, during the first 2 months of 2006, \$85.4 million was received reducing the balance of unpaid contributions from \$179 million to \$93.6 million.
- b) TCP expenditure for the 2004-05 appropriation amounted to \$63.1 million while spending towards projects of the 2002-03 appropriation amounted to \$62 million. The average monthly TCP expenditure of \$5.2 million in the 2004-05 biennium compares to an average monthly expenditure of \$4.5 million in the 2002-03 biennium.
- c) Expenditure for the Arrears Allocation amounted to \$31.2 million, leaving an unspent balance of \$10.1 million which has been transferred to the Capital Expenditure Account.
- d) Long-term investment income amounted to \$36.6 million up from the \$10.1 million earned in the 2002-03 biennium. Investment income is earmarked for funding of staff related liabilities. The very positive result during the 2004-05 biennium permitted the full recording of the Separation Payments liability as at 31 December 2005 compared to 31 December 2003 when \$22.1 million of the balance was unrecorded.
- e) The Capital Expenditure Account was established by Conference Resolution 10/2003 as Chapter 8 of the Programme of Work and Budget. The balance at 31 December 2005 of \$10.1 million represents the transfer of the unspent funds from the 2004/05 arrears allocation in accordance with the approval of Finance Committee which was endorsed by Council (in CL129/4 paragraph 11).
- f) Due to delays in receipt of contributions, the Working Capital Fund (WCF) balance of \$25.2 million was advanced in full to the General Fund in September 2004 and reimbursed by the General Fund in December 2004. The balance of \$25.2 million

was again advanced to the General Fund in August 2005 and reimbursed by the General Fund in February 2006. At 31 December 2005 the balance on the WCF was nil.

- g) As the WCF advance to the General Fund in September 2004 was insufficient to cover operating requirements, the Special Reserve Account (SRA) also advanced \$15 million and \$3.6 million to the General Fund in September and early October 2004 respectively. The advances were reimbursed by the General Fund October 2004. Similarly the SRA advanced \$10.3 million to the General Fund in August 2005 which was reimbursed by the General fund in February 2006. At 31 December 2005 the balance on the SRA was nil.
- For the last five months of 2005, the Organization's cash shortage was severe. While the Organization borrowed externally for two weeks during 2004, in 2005 it had to borrow continuously from August through 31 December to cover shortages due to delays in the receipt of Member assessments, mainly from two major contributors. At 31 December 2005, external borrowings totalled \$71 million. The borrowing positions throughout the year are shown in Table 1 below.

Table 1

Total borrowing costs for 2005 were \$322,872 while for the biennium 2004-2005 they were \$333,534. This amount is charged to Miscellaneous Income. As reported earlier, in addition to borrowings, the Organization continued to use USD/Euro swaps to fund the delay in Euro receipts.

EXTRA BUDGETARY FUNDS

 The Special Fund for Emergency and Rehabilitation Activities (SFERA) was established under the provisions of Financial Regulation 6.7 in 2004. The balance of \$11.4 million comprises the unallocated funds remaining out of \$24.8 million provided to the SFERA since inception, of which \$12.8 million was contributed by Member Governments and \$12 million advanced from the Direct Operating Cost Recovery Account of the Emergency Operations and Rehabilitation Division (TCE).

Financial Issues for 2006-07 biennium

3. The main financial issues facing the Organization this biennium are the those of the last biennium:

- a) General Fund liquidity will be under pressure from the impact of delays in receipt of Member Nations' contributions. It is forecast that external borrowing will be required from August to December 2006, see paragraph 10 below .
- b) The 2006-07 assessment for ASMC amortisation of \$14.1 million is insufficient to offset the actual ASMC amortisation charges which will amount to \$46.5 million for the 2006-07 biennium (\$30 million in 2004-05) adding a further \$32.4 million to the General and Related Funds deficit. The actuarial liability for ASMC at 31 December 2005 is \$533.4 million of which \$388.3 is unrecorded. This topic is discussed in more detail in FC 113/9.
- c) The SRA was established to protect against the effects of unbudgeted costs principally arising from fluctuations in exchange rates. Conference Resolution 13/81 provided for measures by which the level of the SRA could be brought to a level of 5% of the effective working budget. However with the introduction of split assessment which limits the impact of fluctuations in exchange rates the Organization has worked with a reduced SRA. The future utilization of the SRA and accounting treatment of exchange rate differences will be reviewed in this biennium taking into account the planned adoption of International Public Sector Accounting Standards in 2010 (see FC113/13).

Statement of Income and Expenditure for the biennium ending on 31 December 2005

4. Table 2 shows the income and expenditure for both the General and Related Funds and Extra-Budgetary activities for the reporting period. The General Fund is further split between the 2004-05 biennium Programme of Work (PWB) with the Technical Cooperation Programme (TCP) shown separately, and "Others" with TCP 2002-03 prior biennium appropriation shown separately.

Statement of Assets, Liabilities and Reserves as at 31 December 2006

5. Table 3 shows the assets, liabilities and reserves for both the General and Related Funds and Extra Budgetary activities. It is noted that the Staff Related Liabilities is not fully provided for and, as at 31 December 2005, the unrecorded Staff Related Liabilities amounted to \$414.3 million.

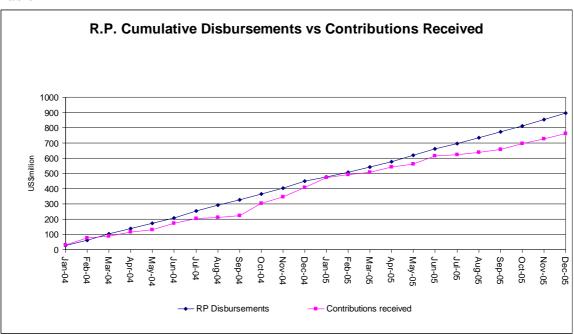

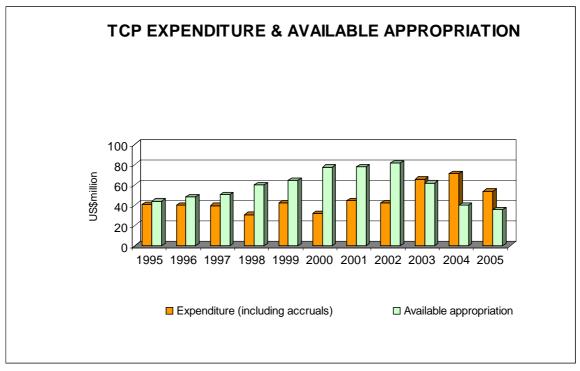

Table 4

6. Table 4 shows the cumulative Regular Programme disbursements for 2004-05 compared with the total contributions and other income received. The large shortage represents uncollected Regular Programme assessments as described in more detail in Annex A.

7. In addition to the disbursements for the 2004-05 Regular Programme budget, disbursements in 2004-05 included those relating to the TCP 2002-03 appropriation and the arrears allocation.

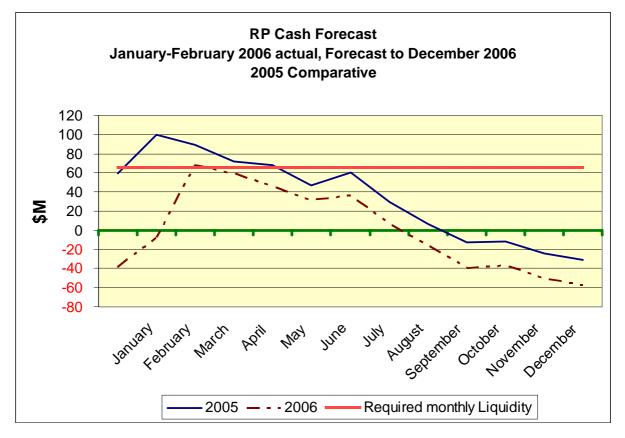

8. Table 5 shows TCP expenditure (including accruals) as per interim and biennial audited accounts for all appropriation periods and TCP available appropriation (i.e. deferred income) for each calendar year from 1995 to 2005. It should be noted that the chart excludes approved projects which are not yet operational.

9. At 31 December 2005 the TCP appropriation to be carried forward to the subsequent year amounted to \$35.6 million (2003 - \$62.0 million). This is the lowest amount of appropriation carried forward to a subsequent year in the last ten years. It is a result of the sharp increase in the delivery rate which began in 2003. The average monthly delivery rate for the 2004-05 biennium was \$5.2 million (2002-03 \$4.5 million)

2006 Cash Flow Forecast

10. In all forecasts, the planned figures reflect the 2005 pattern in collections and disbursements. The Organization ended the year 2005 with a significantly negative cash position requiring it to resort to external borrowing of \$71 million, which was completely repaid by February 2006. Table 6 below shows the Organization's consolidated Regular Programme cash forecast for the year 2006 expressed in US Dollars (figures for January and February are actual with estimates for March – December). The timing of estimated contributions is not expected to change significantly, as a result, the forecast shows that the Organization will likely resort to external borrowing once again around August 2006, with expected borrowing requirements by year end exceeding \$55 million.

Table 6

11. Based on the above expected pattern of expenditures and current short term interest rates, the cost of borrowing would increase to over \$800,000 in 2006 chargeable to Miscellaneous Income. This figure could vary considerably as it is subject to changes in interest rates and in Member country receipt patterns.

12. In addition, a similar delay in the receipt of the Euro contributions is expected in 2006 as in 2005. Consequently, the Organization again will have to secure its Euro requirements with treasury swaps using US Dollar holdings.

13. Trust Fund/UNDP Programmes' cash flow is expected to remain stable for the year 2006 with an estimated monthly cash balance of some \$430 million.

APPENDIX A

		2005	2004

Summary Status of Contributions to the Regular Programme^{a b}

^a Appendix B sets out full details of receipts during 2005.

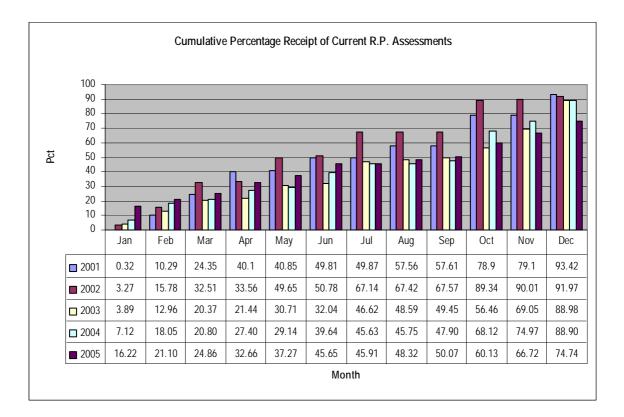

^b Contributions in arrears include amounts payable under Conference authorized instalment plans.

^c Of which US\$1,400,000 relates to the Tax Equalization Fund for 2005 and US\$1,400,000 for 2004.

^d Contributions in arrears at 1 January includes the previous year end balance carried forward plus arrears instalments due 1 January, less any new instalment plans approved by the Conference and New Member contributions where applicable.

Current Assessments

1. The following statistics show the cumulative percentage receipts of current assessments over the past five years.

Receipt figures for 2004 and 2005 are the aggregate of USDollar and €uro receipts. All figures are at month end.

2. The position of the 2005 assessments of Member Nations at 31 December 2005, compared to the same date during the four preceding years was as follows:

Number of Member Nations

	2005 US\$	2005 €uro	2004 US\$	2004 €iro	2003	2002	2001
Paid in full	131	116	120	96	113	100	80
Part paid	13	17	14	18	15	22	25
No payment	43	54	53	73	55	61	74
Total	187	187	187	187	183	183	179

Contributions in arrears

3. The position of Member Nations with arrears of contributions at 31 December 2005 was as follows:

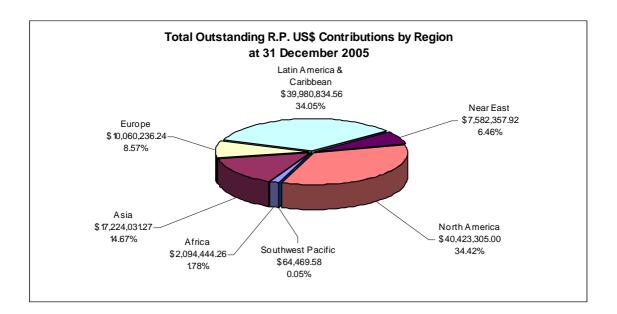

Number of Member Nations

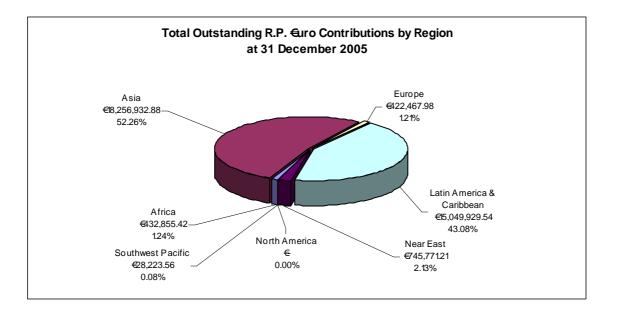

With arrears at 1 January 2005	101	
Arrears paid in full (Appendix D)		43
Arrears partially paid (Appendix E)		32
No payment (Appendix F)		26
With arrears at 31 December 2005 (Appendix C)	58	

- 4. Additional information regarding arrears due at 31 December 2005:
 - The total arrears at 31 December was \$53,703,483.60 and € 8,070,203.58 (Appendix *B*/Appendix *C*) equivalent to 16.73 percent of current assessments.
 - *Five* Member Nations had arrears in *excess of US\$1 million (Appendix C)*.
 - Arrears exceeding US\$1 million accounted for 86.07 percent of the total arrears due.
 - *Twenty-six* Member Nations had arrears in such amounts as to jeopardise their right to vote in accordance with Article III.4 of the Constitution (Appendix G).

Total Contributions Outstanding

5. The following charts show the geographical distribution of the total of all Regular Programme contributions outstanding in US Dollars and Euro at 31 December 2005
